FAHS Cup and Feilding Rotary Prize for Academic Excellence at Year 11

Sarah Connelly

Sarah has produced exceptional academic results this year gaining all 45 of her Level 1 credits at an Excellence level. She is an incredibly hard working and determined student who is relentless in her pursuit of her academic goals. Sarah approaches her learning with confidence but also a desire to gain a deeper understanding or new perspective on her work. Sarah finishes the year as the top of Agriculture and Geography, joint top of Mathematics and Science, while also placing third in Chemistry/Biology/Physics. Her results are a reflection of her excellent work ethic and ability to be an independent learner as she is driven to make the most of every learning opportunity presented to her. She is a natural critical thinker which is evident in how she approaches her written work. Sarah has an appreciation of the fact that learning is a process not limited to the classroom and has involved herself in the school's extra-curricular programme. She has worked towards her Silver Duke of Edinburgh award this year while also putting her hockey talents to use on the turf as a Premier club player, Manawatu Hockey U18 representative and a key member of the school's 1st XI girls team. Congratulations Sarah on a fantastic year and we wish you all the best for your level 2 NCEA studies in 2023.
